

*Give your employees the tools and resources they need to gain greater financial security*

**Your employees face increasing stress due to personal finances.**

- 40% of Americans can't meet a \$400 emergency expense.<sup>1</sup>
- More than half spend all or more than they earn.<sup>2</sup>
- 46% spend 3+ hours per week thinking about finances while at work, or 7% of the average work week.<sup>3</sup>

**80% of your employees want to access financial wellness tools.<sup>4</sup>**

**The solution?** Help your employees get **Savvi**. Seamlessly integrated with the Empyrean Platform to amplify engagement and reduce administrative burden, Savvi is the analytics-driven financial wellness tool your employees can use for:

Contextual education relevant to their specific goals.

Holistic advice across all aspects of finances – personal saving and budgeting, plus retirement, college, and medical.

Actionable steps to set long-term financial goals and support financial benefit decisions.

**Visit [GoEmpyrean.com](https://GoEmpyrean.com) to learn more about our Preferred Partner Network and how partners like Savvi can help your employees reach their financial goals.**
